Pen makes old monitors touch-ready

Las Vegas, Jan. 9: Many people who have tried Microsoft's new Windows 8 operating system without a touch screen have hated it because of the inability to use touch and swipe commands to get things going. Now, a company has mad a tiggital pen so made to the system of t

WHAT IT IS
E Fun, a West Covina,
Calif-based company, has
come out with the Apen
Touch8, a cordless pen
that works in tandem
with an attachment that
plugs into the Windows
computer's USB port.

HOW IT WORKS
The attachment, which is really an infrared and ultrasonic receiver, clips magnetically to the side of the screen, which can be as large as 17 inches

diagonally.

The pen emits an infrared beam out of its tip. The receiver attacks and the second of t

replaceable.

WHY IT'S HOT
Windows 8, Microsoft
Corp.'s effort to make
desktop and laptop computers work more like
tablet computers, was
released in October to
mixed reviews beam is the
fact that many of the features require a touchscreen monitor to work,
making the experience
unpleasant for those with
older machines.

Apen Touch8 offers a
way for those with older
computers to experience
the newer touch-based
functions.

Nokia to launch Windows 8 Lumia phones today November, features a 4.5-inch PureMotion HD display, 32 GB internal storage, is powered by a dual-core 1.56Hz Snapdragon St processor with 1GB RAM. It has a 8.7-megapixel rear camera and a 1.2MP front shooter. It has a 2000mAh battery and supports wireless charging. The Lumia 820 features a 4.3-inch ClearBlack display, 8 GB internal storage, and is powered by the same processor as its higher-end sibling. It comes with a 8 MP rear camera and a VGA front camera.

BENGALURU, JAN. 5:

Nokia is set to launch the full range of its Windows & phones - the Lumia 920, 820 and 620 - in India on Thursday.

The Lumia 920 is the high-end flagship device, the Lumia 820 the mid-range phone and the Lumia 620 the most affordable of the three.

All come in colourful hardware and software, the latter being Microsoft's new Windows Phone 8.

The Mobile Store began taking pre-orders for the Lumia 920 and 820 on Wednesday, for 755,999 and 725,999 respectively and promising to Start But the site also has a price disclaimer that says, "The above price is only a pre-bowle price is only a pre-

order price. Actual Price may vary.

We will refund the difference upon confirmation of actual price," suggesting that the prices could be lower. Elsewhere, the Lumis 820 has been listed at as low as ₹26,599.
